Expertise

- Cybersecurity Fundamentals
- Web Development
- Problem Solving
- JavaScript Programming
- Network Basics
- Critical Thinking
- Team Collaboration

Language

English

Malayalam

Hindi

ACHIEVEMENTS

- Built a strong foundation in cybersecurity fundamentals and ethical hacking concepts through self-learning and practice
- Demonstrated teamwork, creativity, and confidence through academic and extracurricular activities
- Designed and deployed a personal portfolio website using HTML, CSS, JavaScript, and Tailwind CSS

Nadeem Najumudeen M

Aspiring Cybersecurity
Analyst | Web Developer

Experience

2024-Present

Muthoot Institute of
Technology and
Science

Personal Projects | Web Development & Cybersecurity

- Designed and developed a responsive personal portfolio website hosted on GitHub Pages
- Built interactive mini-projects inspired by Human Benchmark (reaction time, typing tests, game logic)
- Practiced JavaScript logic, DOM manipulation, UI animations, and performance optimization
- Explored cybersecurity fundamentals including networking basics, security concepts, and ethical hacking pathways

2020-2024

Highschool
Education

Academic & Self-Learning Projects

- Created frontend web pages using HTML, CSS, JavaScript, and Tailwind CSS
- Worked with GitHub for version control and project hosting
- Learned core computer science concepts with focus on problem-solving and logic building

Education

2024-Present

Muthoot Institute of
Technology and
Science

Bachelor of Computer Science (Cybersecurity)

- Focus on cybersecurity, networking, and secure systems
- Strong foundation in programming and problem-solving

2022-2024

AL-Ameen Public
School

Higher Secondary Education

- Computer Science stream
- Developed interest in programming and technology

2010- 2022

Indian School Al
Ghubra

Primary and Secondary Education

- Active participation in cultural events (choral singing, traditional dance)
- Earned multiple participation certificates; developed creativity, communication, and teamwork
